

CFB 3013

PHOSPHATE FREE HIGH FOAM DETERGENT

A concentrated liquid detergent specially formulated for use in touch-less and coin op car washes to provide excellent cleaning when applied by brushes, foam generators or hand mitting. Reduces slime and odour problems. CFB3013 is a neutral detergent requiring no special handling precautions.

BENEFITS:

- Provides excellent cleaning and easy rinsing with no residual film.
- Economical cleans and foams even at low concentration.
- Provides excellent stable foam blanket.
- Good with hot or cold water.
- Provides excellent lubricity between brushes and car.
- Pleasant fragrance for customers.

PHYSICAL PROPERTIES:

- Appearance: clear, slightly viscous
- Pleasant odour

USE:

- Apply using central feed system or use in a foam generation at 4 - 5 L of CFB3013 to 205L water.
- For hand mitting use 1/2 oz. of CFB3013 to each gallon of water.
