

## LAUNDRY EMULSIFIER

LAUNDRY EMULSIFIER is a product especially designed for the effective pretreatment of stains and spots on fabrics.

### **BENEFITS:**

- Effective against a wide variety of stains such as greases, oils and food stains.
- Harmless to fabrics.
- Does not affect most dyes.
- Can also be used in the wash wheel as a solvent-based detergent or in combination with CP's LAUNDRY DETERGENT.

### **PHYSICAL & CHEMICAL PROPERTIES:**

- Appearance: Clear, colourless to light straw-coloured liquid
- Odour: Mild solvent odour
- Specific Gravity: 0.94

### **USE:**

- Spray LAUNDRY EMULSIFIER directly onto stain, then launder fabric as usual. Or use as the sole detergent in the wash wheel, or in combination with CP's LAUNDRY DETERGENT.
- NOTE: Check for colour-fastness by spraying on a small unnoticeable area of fabric.

### **PRECAUTIONS:**

- Product is combustible. Keep away from heat sparks and open flames. See Material Safety Data Sheet.

### **PACKAGING:**

- 20 L Pails
- 55 L Cartons
- 205 L Drum
